

## Total System Performance – The Way Ahead

NUWC HSI Symposium  
4 May 2004

Greg L. Maxwell  
Human Systems Integration SEA 03

# **HUMAN SYSTEMS INTEGRATION**

## ***SEA 03 Functional Responsibilities***

- **HSI Alignment**
  - CFFC, OPNAV (N00T), NETC (HPC), NPDC (Learning Centers), Fleet
- **HSI Technical Authority/Program Certification**
  - Policy, standards, best business practices
  - Performance Metrics, HSI Plans, Modernization
- **HSI Requirements**
  - ICD, CDD, AoA Concept Development
- **HSI Technology Investment, Assessment, Transition**
  - Human performance implications

## Human Performance is...

*A critical determiner of mission success for complex, technology-driven, optimally-manned ships and systems of the 21<sup>st</sup> century, derived from a comprehensive top-down functional analysis of warfighting requirements*

## **Manpower Requirements**

**Knowledge, Skills, and Abilities (KSAs) to Execute  
Human Functions and Tasks**

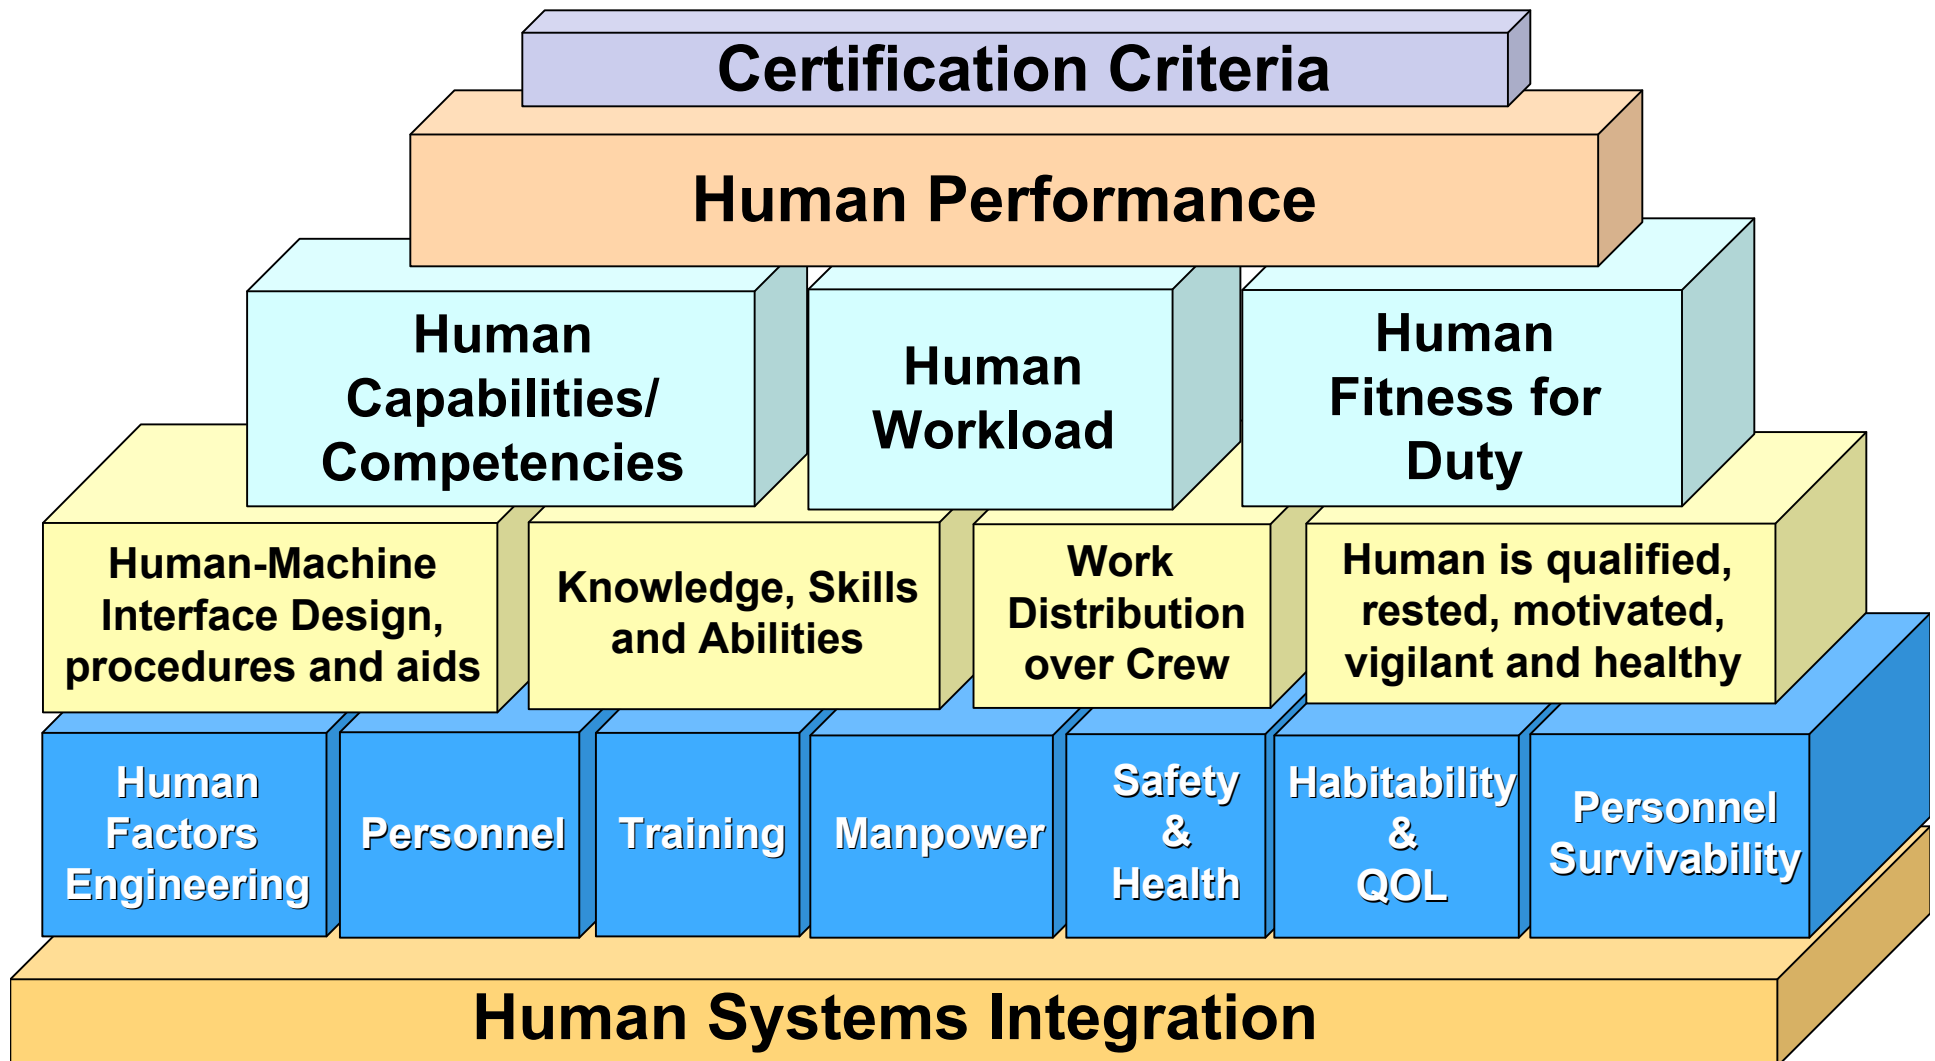

**Tailored Training**

# Building Blocks of Human Performance

# Human Performance Metrics

Human Performance	Total Ship Design	Subsystem Design	Modernization
λ Time to Complete	X	X	X
λ Accuracy	X	X	X
λ Availability	X	X	X
λ Workload – Cognitive and Physical	X	X	X
λ Situational	X	X	X
Fitness for Duty			
λ # of hours continuously on watch / duty	X	X	X
Personnel and Training			
λ # of billets that require special skills	X	X	X
λ Time & cost to train to specified proficiency	X	X	X
Manpower			
λ # of work hours = X billets	X		
System Design			
λ Human engineering design compliance	X	X	X

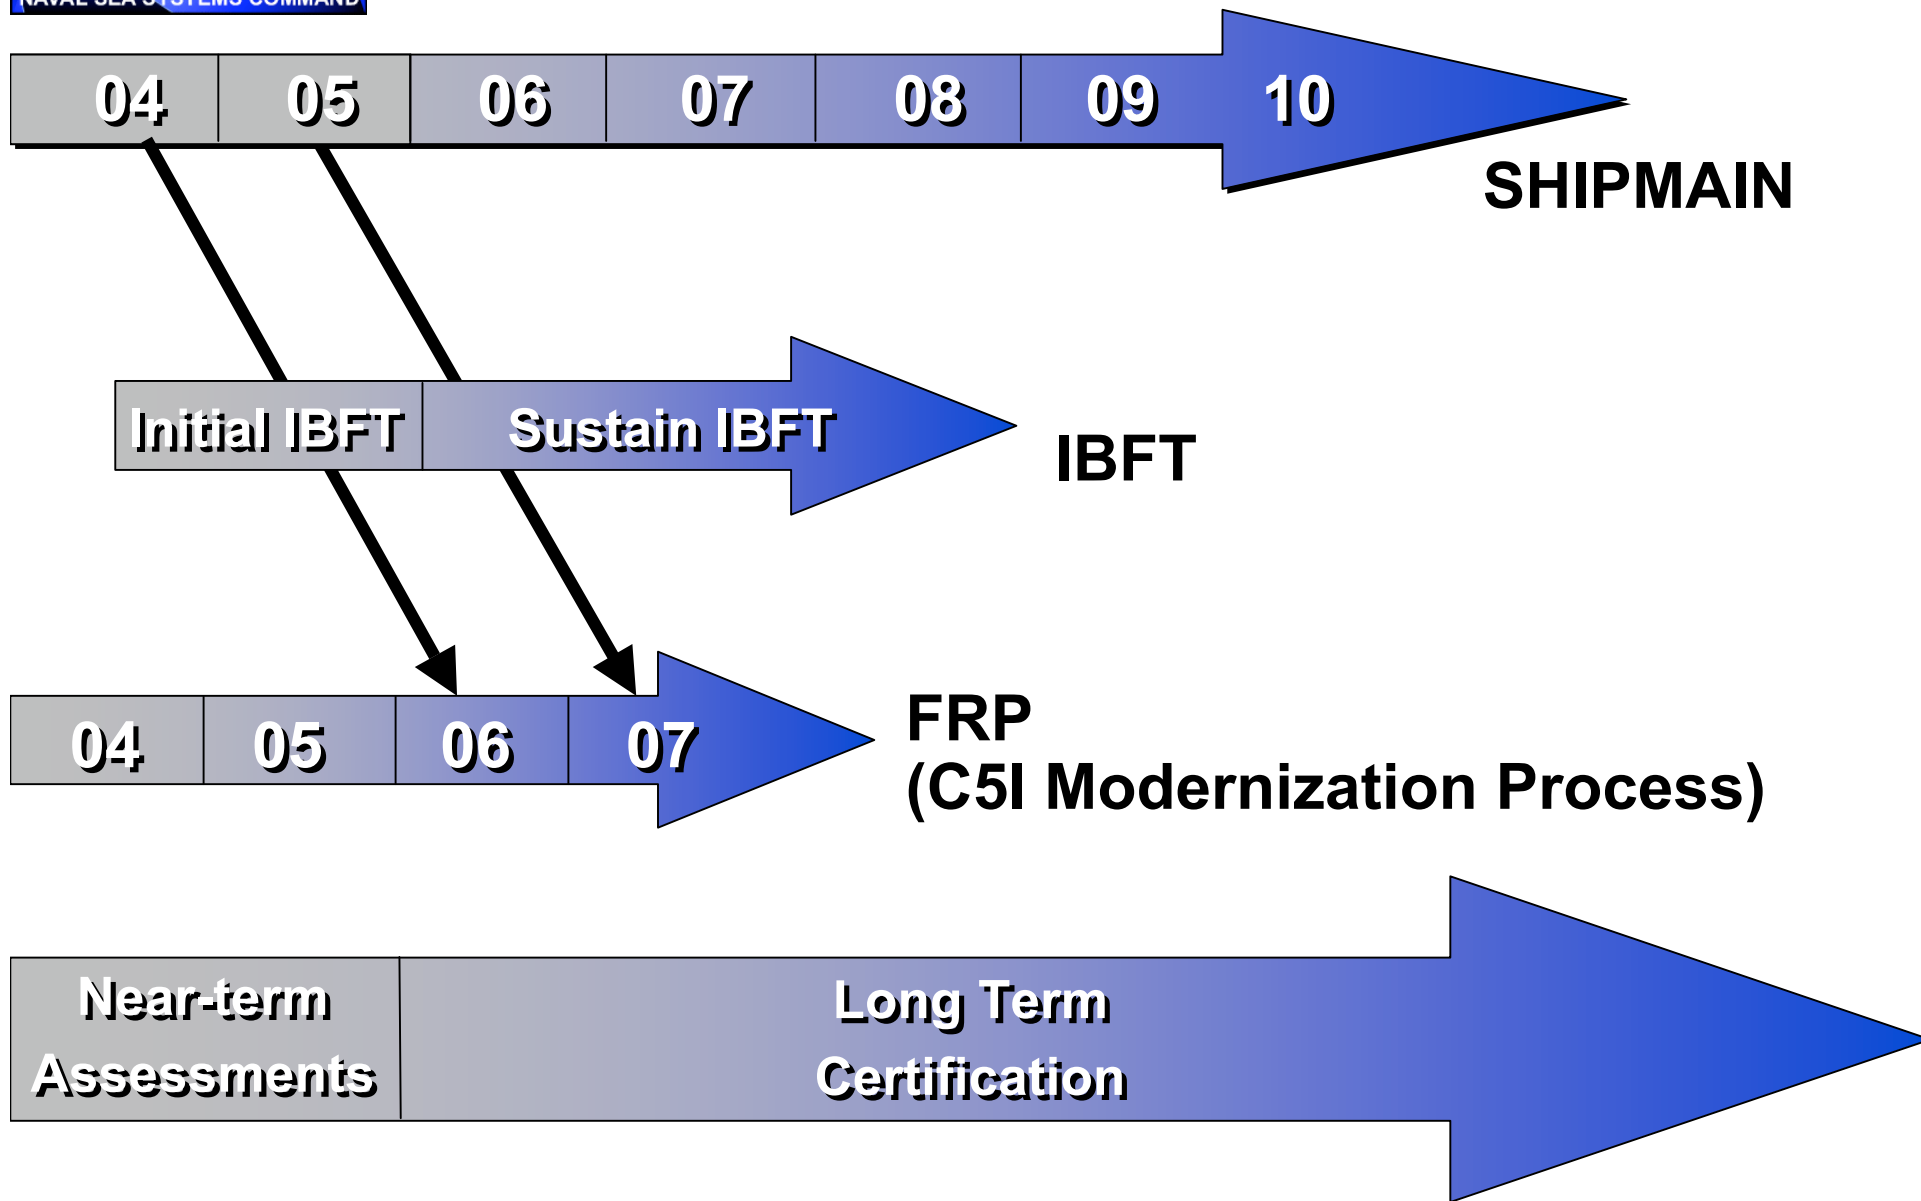

# Program Performance Metrics

		Total Ship Design	Subsystem Design	Modernization
Program Management	HSIP	X	X	X
	Integration with Systems Engineering	X	X	X
Funding	FYDP	X	X	X
Human Factors Engineering	ASTM F1166, MIL-STD 1472F	X	X	X
	Task Analysis, Human Performance Metrics	X	X	X
	Top-Down Requirements Analysis (TDRA)	X	X	
Manpower	TDRA/Workload Analysis	X	X	X
Personnel	KSAs, Occupational Specialties	X	X	X
Training	KSAs, Workload and Task Analyses	X	X	X
	TRPPM/NTSP	X	X	X
Survivability	Anti-Fratricide	X	X	X
	Egress	X		X
ESOH	PESHE, Hazard Analysis	X	X	X
Habitability	OPNAVINST 9640.1A	X	X	X

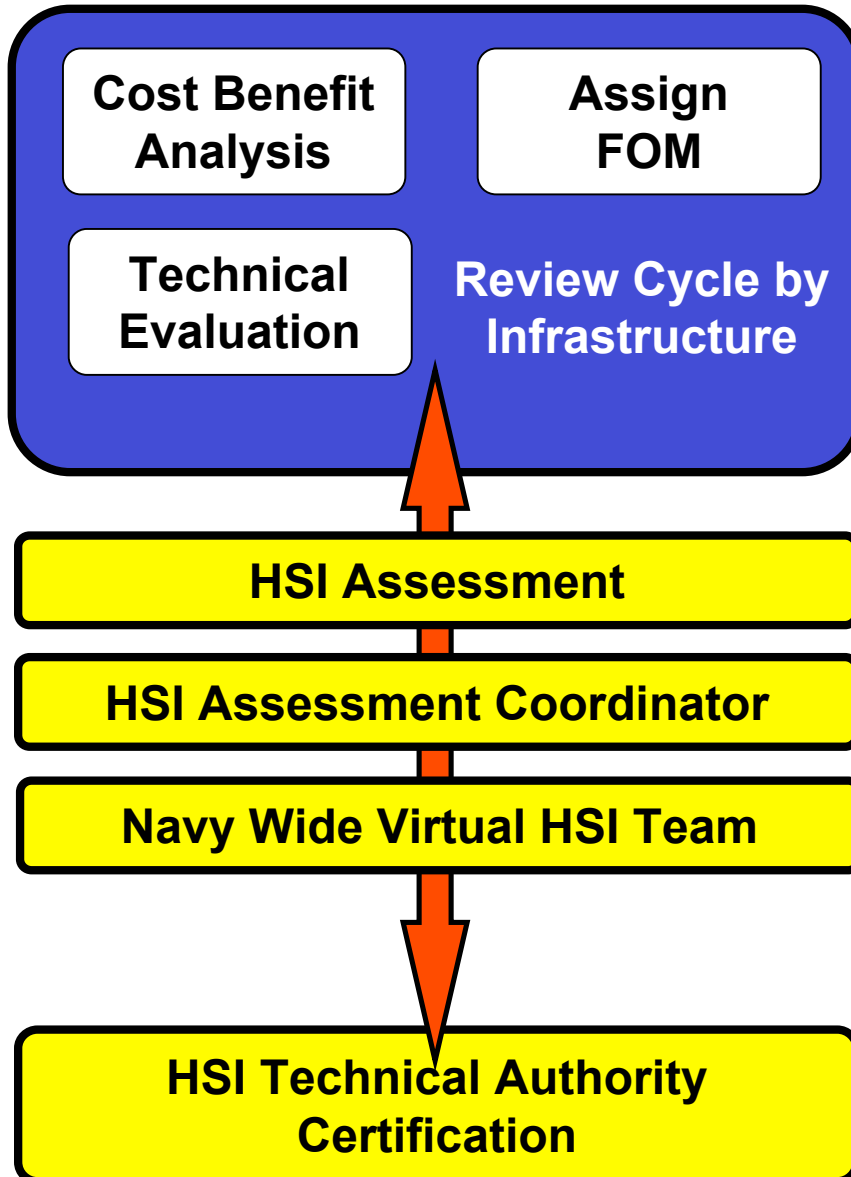

# HSI Certification Authority Alignment

# SHIPMAIN HSI Evaluation

## “Entitled Process” Review Cycle

## HSI v-Team:

- **ASSESS** Impact on Sailor Skills, Workload, and Performance
- **ASSESS** Integration of Hardware, Software, and People

## HSI Technical Authority:

- **CERTIFY** System Optimized for Sailor Performance

## Results:

- Enhanced Sailor Performance
- Improved Training
- Common Assessment and Certification Process for New Acquisitions and Modernization
- Support for “Culture of Readiness”

## **SEA 03 Accomplishments**

### **Technical Authority/Certification**

- λ Certified DD(X) HSI to proceed to CDR**
- λ Conducted HSI Technical Feasibility Assessment of LCS**
- λ Conducted Program Reviews for LCS, CG Modernization, and CVN 21**
- λ Developed SHIPMAIN/C5I HSI certification criteria**
- λ Defined HSI Technical Authority Pyramid**
- λ Promulgated HSI in Acquisition and Modernization Instruction (NAVSEAINST 3900.8A)**
  - Common Program/Human Performance Metrics**

## **SEA 03 Accomplishments (Cont)**

### **Alignment**

- λ Established process with CFFC and HPC to define technical solutions for Fleet HP issues**
- λ Approved Virtual SYSCOM HSI MOA**
  - Developing Common Presentation Layer for LCS mission modules**
- λ Defined objectives for Integrated Navy HP lab**
- λ Established HSI in Acquisition as a Sea Warrior Component**
  - Introduced program management discipline in TF Warrior**
  - Developed Business Rules for ILE**
  - Filled 4 of 5 technical positions in Navy learning centers**

## Sea Warrior

- λ **Optimize warfighting performance**
- λ **Focus on warfighter as the key element of the system**
  - *Design hardware/software around Sailors' capabilities and limitations*
  - *Optimal manning solutions based on tasks and workload allocated to the Sailor*
  - *Seamless and tailored training based on skills analysis*

***Key Component of the Warfighting System***

# SEA WARRIOR

## *Sailor Performance and Professional Development*

Mission Planning System

Human Systems Integration

Career Management System

5 Vector Model

**Optimal Sailor Performance**

**SEA WARRIOR ...Sailor performance delivering**

**SEA POWER 21**

# Sea Warrior Achieving Tailored Training

Human  
Systems  
Integration

Revolution  
in Training

Connection is:

**Business Rules & Standards**

SYSCOMS  
HPC  
NAVMAC

NETC/NPDC  
HPC  
NAVMAC

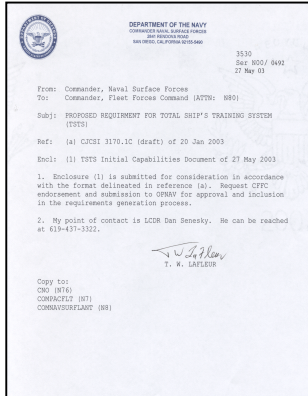

**Blended  
Solution**

# Total Ship Training Architecture

## *Evolution of Training Systems*

**TSTA ICD**

**DD(X)**

**CVN 21**

**LCS**

**LPD 17**

**BFTT**

**2003**

**OPEN ARCHITECTURE**
